### GLOBE PLANS FOR HIGH SCHOOL BUILDING

Officials Who Visit Proposed Site Favor \$40,000 Modern Structure.

Globe, Ariz., April 29.—A committee composed of county superintendent of schools W. O. Kerner, city school superintendent F. D. Smith and school trustee F. L. Gates, accompanied by architect J. H. Holmes and contractor S. George Simms, who visited the site of the central school, expressed themselves as being in favor of constructing a high school building at that place and getting it work on it as soon as possible.

The plans are for a \$40,000 brick building, and the site favored is the ground in front of the central school building, close to the retaining wall of the wash. A building there would leave a space of at least 150 feet between the high school and the central school. Also it would give the pupils an athletic ground, the present baseball park, which is school property.

The building planned would be for the accommodation of the 80 high school students and is to be two stories high with a basement. Class rooms and the superintendent's office are to be located on the first floor; the chemical and physical laboratories and study rooms on the second, and the manual training and domestic science departments in the basement.

Improvements and the installation of modern conveniences in the other school buildings in the city are also under consideration.

### ARTESIAN WELLS NEAR OROGRANDE

Duck Shooting Is Reported Good—Building and General News Notes.

Orogrande, N. M., April 29.—M. Martin, a rancher from the Mesa, east of Orogrande, has brought in a wagon train load of baled hay.

Lacy Simms, county school superintendent, has visited the Orogrande school.

W. F. Pelman, the census taker, has begun working in Orogrande.

Mr. Abraham, of San Francisco, brother of Mrs. M. Marks, is here for a visit.

Duck shooting on the big reservoir is good and sportsmen are making daily visits.

K. Hartley is building living rooms back of the old Springs Bros. & Wherry store, which he has purchased. He and his family will live there.

### PANHANDLE WAS NEVER BETTER

Crops, Fruit, Cattle and Everything in the Best of Shape.

Dalhart, Texas, April 29.—Hundreds of letters from eastern states are pouring into the commercial clubs asking the conditions of the agricultural situation, fruit, livestock and the effect of the eastern storm of April 23rd upon this territory.

Personally interviewing such leading men of the Panhandle as W. B. Slaughter, Col. R. S. Coon and mayor W. B. Wagner, who have visited all of the territory of the plains since the period of the storm, it is positively learned that there has never been a period when the general conditions were as favorable as now.

Crop prospects are good and 50 percent better than last year. There has been no loss of livestock on the range this spring or past winter from inclement weather.

Not a fruit bud shows the effect of freezing, and every indication points to a bumper fruit crop all over the Panhandle.

Feed on the ranges is a month ahead of previous years and range stock right now show a greater improvement than for any previous year. The precipitation the past winter and spring has been very abundant and the ground is well filled with moisture that will insure bountiful crops all over the Panhandle country.

### COLQUITT SAYS STATE NEEDS REST

Too Much Agitation and Politics—No Need for State-wide Prohibition.

Sweetwater, Texas, April 29.—O. B. Colquitt spoke here last night and was well received. He said the main issues in the campaign were rest from political strife, rest from unnecessary laws, rest from unnecessary legislation.

Statewide prohibition ought not to be the issue in the campaign, as every county has a right under the constitution to dispose of the liquor traffic if it wishes, he said.

He criticized Johnson, Polindexter and Davidson, and said he stood for the constituents and local self government.

### SKATING RINK USED FOR JAIL

School House For Court Room at Carrizozo—Card Club Entertained.

Carrizozo, N. M., April 29.—A force of carpenters are at work remodeling the skating rink and making it into a temporary jail to be used during the May term of district court here.

The public school building will be used as a court house and the jury room will also be in the school house.

The Carrizozo Card club was entertained by Mrs. W. C. McDonald at the Bar W. ranch. The entertainment was especially for the husbands of the members of the club. A banquet was given in the evening at which 13 guests were present.

The Carrizozo club has been rehearsing regularly for the past month a play called "The Deceitful School" which will be put on at the opera house Tuesday evening.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effective, but in no way disagreeable to use. Sold by all dealers.

How To Prevent Gray Hair

When gray hairs first begin to appear, prompt action should be taken to nourish the scalp and prevent their further spread. Regular brushing, massage of the scalp and occasional shampooing help to prolong the vitality of the hair and preserve its natural color. But it is absolutely essential that these methods be assisted with some form of vital nourishment which the decaying roots of the hair can absorb. Numerous preparations for this purpose have appeared on the market during the past twenty years, but many of them have proved more harmful than otherwise. It is now agreed by competent authorities and those who have put it to the severest tests that HAY'S HAIR HEALTH is the safest and most effective preparation for restoring prematurely gray hair, and furnishing the right food to the scalp. Its constantly increasing sale and the fact that it has held its great popularity for nearly a quarter of a century is proof that this scientific preparation does the work to the entire satisfaction of users. All reliable druggists recommend it and sell it in 50 cent and dollar bottles, or it can be purchased from the manufacturer, Philo Hay Specialties Co., Newark, N. J., U. S. A.
